

*Know your risk,
change your future.*

Dear Manager,

We are grateful that one of your employees has registered to host a Pink Hope fundraiser. The funds raised at this event will allow Pink Hope to continue to ensure every individual has the tools required to assess, manage and reduce their risk of breast and ovarian cancer.

Pink Hope is a prevention health charity, established in response to a gap in the provision of information, relevant guidance and emotional support to woman at high risk of breast and ovarian cancer.

Pink Hope aims to achieve this by:

- Providing tools and information to help the general population assess their risk of breast and ovarian cancer.
- Promoting open discussion around family cancer history in the general population through targeted campaigns and education.
- Providing support and information to members of the at risk community to help them appropriately manage and navigate their risk.
- Encouraging at risk women to be vigilant and proactive with their breast and ovarian health, resulting in a much earlier diagnosis and better treatment.
- Working collaboratively with healthcare providers to ensure a better transition for at risk women as they move through each key touch point of their journey.
- Advocating for at risk families.

I hope you will join us and support the life saving work of Pink Hope by making a tax-deductible donation to **Pink Hope** in the form of dollar matching. Many organisations like to support the efforts of their staff fundraising by **matching donations, dollar for dollar** and acknowledging the contribution staff are making to support. Below are the details for how to make a matched giving donation.

Thank you for supporting families at high risk of hereditary breast and ovarian cancer.

Kind Regards,

Krystal Barter
CEO & Founder | Pink Hope
